

乱用傾向

abuse liability — 乱用傾向

The propensity of a particular psychoactive substance to be susceptible to abuse, defined in terms of the relative probability that use of the substance will result in social, psychological, or physical problems for an individual or for society. Under international **drug control** treaties (see **conventions, international drug**) WHO is responsible for determining the abuse liability and **dependence potential**, as distinct from therapeutic usefulness, of **controlled substances**.
See also: abuse; dependence potential; harmful use

個別の精神作用物質について乱用されやすさを示し、その物質の使用が、社会的 精神的 身体的な問題を、個人あるいは社会に問題を引き起こす相対的確率によって定義される。国際的な**drug control**条約により (**conventions, international drug**を参照) WHOは**controlled substance**について、その治療的な効果とは別に、乱用傾向と**dependence potential**を決定する責任を負う。
